

# 1000's of Advertising Impressions for a few dollars a day!

Cost effective advertising is available to Power Inn Alliance members by sponsoring the Adopt-A-Road program. Much like the California Highway program, your company's name and logo will be advertised on roadway signs and visible to thousands of people per day. The cost of the advertising pays for continuous clean up of the entire Power Inn area. Customers will know that your business directly supports the area and that your contribution funds on-going beautification and clean up.
