SQUEEZE INN CELEBRATES GRAND OPENING MARCH 11TH

Relocation into larger ADA-compliant space is complete, Mayor Johnson to attend and speak at the Event

Sacramento, CA – The Squeeze Inn, one of Sacramento’s most revered restaurants, is celebrating the opening of its new, larger restaurant on Thursday, March 11, 2010, from 12:30 p.m. - 1:30 p.m., at 5301 Power Inn Road in Sacramento. The Squeeze Inn is well-known for its “squeezed” 450 square foot restaurant and unforgettable cheese burgers featuring cheese “skirts”.

The Squeeze Inn’s expansion/relocation was prompted by an ADA lawsuit filed against the restaurant at its original location on Fruitridge Road. Although the lawsuit was later dropped, the Squeeze Inn’s owners, Travis and Vicki Hausauer, decided to relocate to a new retail center (around the corner from its original location) owned and managed by Jackson Properties, Inc. The new restaurant integrates many of the elements of the original restaurant into its interior design including the original counter, stools and memorabilia, but adds much needed additional parking, seating and accessibility.

The Mayor of Sacramento, Kevin Johnson, Sacramento City Council Member, Kevin McCarty and other dignitaries are scheduled to speak at this celebration, which is open to the public. Tickets to this event are \$15.00 per person and include food and drink; proceeds will benefit St. John’s Shelter for Women and Children.

The Squeeze Inn, has been a Sacramento landmark for over thirty years at its original Fruitridge location, and was purchased in 2001 by Travis and Vicki Hausauer. The restaurant gained national prominence as one of the country’s best burger joints when it was featured on a Food Network show “Diners, Drive-Ins and Dives” hosted by Guy Fieri. For more information about Squeeze Inn, visit www.thesqueezeinn.com.

Jackson Properties, Inc., founded in 1974, owns and manages more than 2.6 million square feet of office, industrial and retail properties throughout the greater Sacramento region. For more information about Jackson Properties, visit www.jacksonprop.com.
