Power Inn District Renewed for Another 10 Years!

Thanks to an unprecedented 87% vote in support by property and business owners, Power Inn Alliance will continue for another 10 years serving 36 miles of Sacramento.

*"We thank you for your strong show of support to do the work we collectively do that has helped Power Inn develop into a thriving community."
- Eric Edelmayer, Alliance Board Chair, Jackson Properties*

Since 1998, Power Inn Alliance staff, its volunteers and partners have been your advocates and resources for district needs - including the installation of the light rail over crossings at Power Inn & S. Watt Ave; Ramona Avenue and S. Watt extensions; Clean up and graffiti abatement, Educating on safety and security practices, Good Neighbor meetings; New project development review; and hosting community events - just to name a few of our successes.

*"We are gratified by the overwhelming support reflected in the final election results, and are excited to continue making the Power Inn area a great place to do business, live and enjoy recreational opportunities."
- Alliance Executive Director Steve Blanton*

City Council Approves a New Comprehensive Site Plan to Address the Homeless

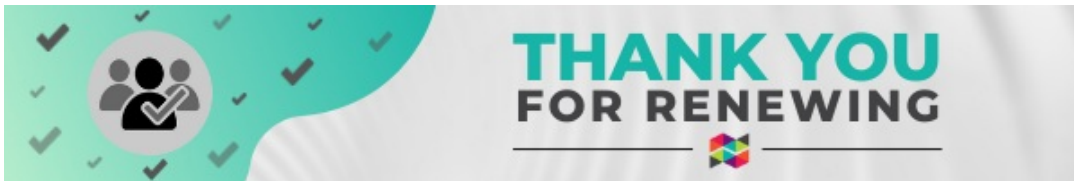

Sacramento City Council approved the Master Homeless Site Plan that will offer opportunities at 20 locations throughout the city for those experiencing homelessness. Council noted several districts were not on the proposed list as sites are still being negotiated.

Options being considered are: Permanent housing, motel conversions, scattered rental housing, tiny homes, and SafeGrounds Parking for those occupying vehicles.

The Alliance has been working with our local partners and staff to find long and short term shelters for the unhoused that will provide solutions to our critical needs.

Homelessness will be a top priority over the next few years until, collectively, we can create programs, policies and housing that works.

News & Resources

Food Waste Recycling Mandatory for Businesses in the Region

Effective July 1, 2021, any commercial businesses or commercial waste generator

that generates 2 or more cubic yards of trash and recycling services combined per week are required to recycle their organic waste (food waste and green waste combined) and sign up for organic waste recycling services. Businesses who qualify will have to find room for an extra green bin.

Waivers may be granted to businesses who generate 20 gallons or less (food and green waste combined). Businesses that produce or sell food are not eligible for an Organic Waste Recycling Waiver.

Treated Wood Waste (TTW) Recycling Rules

Plan for disposal before you demo

Since April 1, 2021, treated wood - any wood treated with chemical preservatives to protect it from insects or decay - such as: Fence posts, Sill plates, Landscape timbers, Pilings, Guard rails, Decking, Patio posts, Railroad ties, will no longer be accepted at certain waste stations.

How to dispose of TTW:

Florin Perkins Public Disposal. Accepts small amounts. 4201 Florin Perkins Rd.

Kiefer Landfill. 12701 Kiefer Blvd, Sloughouse

Recology. 5900 Ostrum Rd, Wheatland

The city of Sacramento will accept TWW in curbside debris pickups.

Cal/OSHA Revisions Withdrawn

Legal advice by Kevin Carmichael, Law Office of Young Cohen & Durrett

On June 4, 2021, we sent out a post discussing Cal/OSHA's approval of the confusing and generally poorly conceived changes to the Cal/OSHA COVID-19 Emergency Temporary Standards (ETS). The changes have gone over like a lead balloon and on the updated version of the ETS has been withdrawn. Cal/OSHA is continuing to review the CDC guidance and is attempting to craft better regulations which more closely match the federal guidance regarding masks and other COVID-19 prevention measures. As a result of the withdrawal of the updated ETS, the November 2020 ETS remains in effect until future notice. If you modified your COVID-19 Prevention Program, we recommend reverting to the version you previously had in place. We will keep you updated as events continue to unfold....

Homeless Camps and Trespassing Who to Contact

The Alliance understands the increasing impacts of camping and trespassing on our businesses and properties. To address these issues, the city has created the **Department of Community Response** and a team of social workers that outreach with services.

Sacramento Police non-emergency are not handling general homeless complaints.

Report issues to the City's [311 Service Center](#) several ways: Call 3-1-1 **Online** City of Sacramento app (download from your app store)

Email: 311@cityofsacramento.org

If you witness criminal activity perpetrated by someone experiencing homelessness or where a person experiencing homelessness is a victim, call **911 immediately** or **916-808-0100 (within the city)**.

We've Got You Covered!

We've Got You Covered in Health
